Campus 2136 and Rx Pack 2136.2 Now Available!

- Colorado Evaluation Updates (SIS-147341)- several updates to the Colorado Special Ed Evaluation
- School Discipline and Attendance- Law Enforcement Referrals (SIS-147924)- report logic for the Discipline by Action and the Student Demographic File have been updated to count all resolutions mapped to state code 06: referral to law enforcement, regardless of most severe offense field being marked
- School Association Extract- calculation of habitually truant (SIS-148195)- the calculation has been modified for determining unexcused absences as the Total Days Unexcused field uses
- Discipline by Student Demographics (SIS-148232)- format has been updated to report the total number of students for received only one out of school suspension and received more than one out of school suspension fields
- Grad Guidelines Extract (SIS-148286)- new national assessment codes added: ACR (Accuplacer Reading Comprehension), ACS (Accuplacer Sentence Skills), ACE (Accuplacer Elementary Algebra)
- READ Extract Assessments (SIS-148476)- has been modified to only report assessments marked with applicable READ codes and to consider assessments that occur within the reporting period. If there are multiple assessments within the reporting period, the most recent assessment reports.
- School Discipline and Attendance- Discipline by Action Report Population (SIS-148858)- the discipline by action summary type report the count of incidents (not students) for each behavior event, while the detail type reports the student information associated with each incident reported in the summary type. The Discipline by Action Summary Type reports the counts of incidents not students for each behavior event, while the detail type reports the student information associated with each incident in the summary type. This means the counts reported in detail type do not match the counts reported in the summary type.
